## Strategic Intent

### Key Improvement Strategy
(Significant Projects for 2014-2015)

### Targets
(By the End of 2017)

### One to Two Year Targets
(Achievement Milestones – Changes in practice or behaviour)

### Achievement Goal

**Improve the School Wide Approach to Learning and Teaching by Embedding Exemplary Teaching Practice and Build Our Capacity to Take Responsibility for Individual and Cohort Growth.**

- Develop a common understanding and shared commitment around the school’s pedagogical approach in line with our Philosophy of Learning.
- Ensure consistent approaches to the teaching of exemplary literacy and numeracy practices through formal English and Maths Specialist Mentoring opportunities.
- Enhance the integrated planning process by developing a stronger connection to the Philosophy of Learning to inspire our students to learn.
- Build staff capacity to

- Prep – 6 student achievement data demonstrates growth each year in the number of students working at or above the expected level in reading, writing and number.
- Staff survey, on the effectiveness of the integrated planning process, has demonstrated an increase in satisfaction levels each year.

- Grade 3 and 5 NAPLAN Reading,

- Individual and team planning documents show evidence of exemplary learning and teaching practices being implemented consistently across the school, with reference to the Australian Curriculum.
- Staff are utilizing the framework that has been developed to demonstrate the links between exemplary practices and the Philosophy.

- Prep – 6 student achievement data demonstrates growth each year in the number of students working at or above state mean in reading, writing and number by 2017.
- The consistent implementation of exemplary learning and teaching practices in English and Maths are evident in the ‘Teaching and Learning’ policy, planning processes, and program documentation.
- Whole Staff Survey indicates high satisfaction with the English and Maths Mentor Program in improving their pedagogical practice.
- Student Achievement data shows growth in the number of students at or above the expected level.

- Individual and team planning documents show evidence of exemplary learning and teaching practices being implemented across the school, with reference to the Australian Curriculum, Philosophy of Learning and an inquiry approach.

- Whole school Assessment Policy and program is reviewed and

### Productivity Goal

➢ To understand and use strategies that lead to sustained improvement.

|---------------------------------------------------------------|-----|---------|----------|---------------------------------------------------------------|
| 4.1 Build the capacity of leaders so they can strategically lead learning effectively and improve learning outcomes. | Learning Community Leaders | • Build Lead Learners’ capacity so they can enable and support the teachers in their Professional Learning Team to progress their students’ learning.  
• Build mentors’ capacity to support and enable the teachers they work to progress students’ English or Mathematics learning in light of our Philosophy of Learning. | Throughout 2015 | • A professional learning plan has been developed and enacted for our teacher leaders that supports them to:  
- Understand what an effective teacher leader does  
- Provide opportunities to share their knowledge and skills  
- Engages them in conversations around collecting, analyzing and using data.  
• The focus of the Professional Learning Teams is strongly centred around strategies to improve student learning. |
| 4.2 Enhance accountability practices that result in sustained improvement and foster personal and professional growth. | School Improvement Team | • Gain greater consistency amongst the leadership team in their endeavours to support staff with the setting of SMART goals.  
• Build staff’s capacity to provide evidence of growth in both their students and themselves.  
• Build staff’s capacity to annotate the evidence so that they can communicate the learning as a result of their inquiry. | Term 2 2015  
Term 2 & 3 2015  
Term 2 & 3 2015 | • Staff’s capacity to set SMART goals has been enhanced through professional development  
• Staff shows greater responsibility for the provision of evidence, including the use of colleagues to provide feedback when demonstrating their success in achieving their personal / professional goals. |
4.3 Build on the current approach to resource management to benefit all members of our learning community.

**School Improvement Team**

- Improve our knowledge and understanding of how to access additional resources e.g. grants, building co-operative, partnerships etc.
- Prepare a proforma whereby budget leaders are required to prioritise their intended budget spending in line with the school’s priorities.
- Require Budget leaders to report on their spending to School Council, including justifications for priorities not purchased as per the proforma.
- Determine a timeline for spending, in line with the school’s income revenue

- Staff are more confident in documenting their learning, with a focus on the growth of themselves and their students.
- The budget review process is consultative, in terms of providing opportunities for all staff with budget responsibility to determine the priority for the allocation of funds.
- The budget process is clearly understood by staff.
- Additional resources have been successfully obtained to enhance student learning.
