The You Can Do It! Program is a whole school approach to social and emotional learning. The program aims to teach students different skills and values that they need to know to be life long learners. Our whole school first term inquiry Setting Up For Success focuses on these foundations.

You may have noticed when students receive a Fielder Award at our assemblies if it often due to them demonstrating these qualities. These terms are also found in our school reports, where students have shown these qualities in their learning in the classroom.

These foundations are embedded into regular classroom learning as well as the wider Berwick Fields community through; Camps, Productions, Grade 6 leaders, Junior School Council, Excursion/Incursions, Mini Fete, Sports events, Buddy grades, Transition and much more.
